Topic description

Expected Outcome

The partnership is expected to contribute to all of the following expected outcomes:

In line with the objectives of the European Green Deal and Digital Europe priorities, the successful proposal will contribute to the sustainability and resilience of the blue economy by supporting the establishment of innovative governance models. It will also contribute to strengthening the EU and international science-policy interfaces in marine- and maritime-related domains as well as the Global Earth Observation System of Systems (GEOSS) by supporting the further deployment and exploitation of Environmental Observation data and products and of digital and data technologies.

- EU and national multi-level cooperation and alignment across and within regional seas of research and innovation programmes, priorities and investments are enhanced, based on established strategic research and innovation agendas and related cooperation activities, including international agreements and networks as well as cooperation with other Horizon Europe initiatives, European networks and missions.

How to participate

Grants Tenders

Find a suitable call for proposal

The European Commission and its funding bodies publish calls for proposals on the Funding & Tenders Portal.

- You may start your search from the home page by entering different keywords that characterize best your field of interest, and then refine the results with the help of further filters.
- You may start your search by selecting one of the EU funding programmes listed on the home page, and then navigate via the quick links to the calls for proposals of a specific programme.
- Calls are divided into topics, implemented by different type of actions. Select a topic to read more about the identified opportunity; the topic-related documents, guidance and other instructions are available on a topic page.
- The site offers a search on calls for proposals and tenders of the European institutions.

Find project partners (optional)

Read the topic conditions to assess the partnership and other eligibility requirements of a call.

To publish your **partner search request** or **offer**, select a topic on the Search Funding and Tenders page. Further help is available in the IT HOW TO.

Use the **Partner Search** offered in this site to **select an organisation based on their profile or their previous participation**.

Create an EU Login account

Each user has to have an EU Login account to log in on the Portal. If you already have such an account, you can use it for any interactions supported on this site from proposal submission to reporting.

If you do not have an account yet, you need to create it by clicking on the REGISTER button. Otherwise you get access only to the public services of the site (eg. searching funding opportunities, reading guidance, etc.)

Register an EU login account

Register an organisation

The Participant Register is the Commission online tool to register and manage the data of the organisations participating in the EU programmes. It allows consistent handling of the participants' official data and avoids mistakes.

If you want to participate in a project proposal, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). This unique identifier of your organisation will be used as a reference by the Commission.

Check if your organisation is already registered, or register it.

Submit your grant proposal

How to access the submission system?

Select your topic and go to the Submission Service section of the topic page. Make sure that you select the correct type of action before you start drafting a proposal. The link to the submission system is available, if the submission system is open.

Need help?

Work as an expert

The European Union Institutions appoint external experts to assist in the evaluation of grant applications, projects and tenders, and to provide opinions and advice in specific cases.

In particular, experts assist in:

- Evaluation of proposals, prize applications and tenders
- Monitoring of actions, grant agreements, public procurement contracts

In addition, experts provide opinion and advise on:

- Preparation, implementation and evaluation of EU programmes and design of policies.

In order to select experts, the European Union Institutions publish regularly calls for expression of interest (see list below) detailing the selection criteria, the required expertise, the description of the tasks, their duration and the conditions of remuneration.

Interested? Register in the database of external experts!

Register as expert

As new expert, you will be first requested to create your EU login account and register your profile.

Registered experts must update the profile via the My Expert Area after login.
